

Preliminary Agenda

Monday, 27th September 2010

- 9:00** **Registration and coffee**
- 9:30** **Opening and Welcome**
(tbc)
- 9:40** **Nanotechnology and materials in FP7: 4th call**
Renzo Tomellini (Head of Unit Value-added materials, DG RTD, Directorate Industrial Technologies, European Commission)
- 10:10** **Nanotechnology for Bio-Applications**
Andre Skiratch ((Max Planck Institute of Colloids and Interfaces, Germany)
- 10:30** **Bioceramics as a regeneration platform**
Ian Brown (RepRegen Ltd, United Kingdom)
- 10:50** **Trends and innovations in nanotechnology and materials**
Mark Morrison (Institute of Nanotechnology, United Kingdom)
- 11:10** **Nanotechnologies for sustainable energy applications**
Bertrand Fillon (CEA LITEN, France)
- 11:30** **Invited speaker**
representatives of leading research institution (tbc)
- 12:00** **Networking Lunch**
- 13:00** **NMP NCP structure and NMP Team for your FP7 project**
Gabriela Salejová-Zadrazilová, (TC AS CR)
- 13:20** **Impact of EU research projects on business results**
Rudolf Fryček, (AMIRES Sàrl, Switzerland)
- 13:40** **HTA – Alliance for nanotechnology and material innovations**
Andre Perret (4labs, Switzerland)
- 14:00** **Introduction to the parallel afternoon sessions**
Organizational issues relevant for successful running of the afternoon sessions.
- 14:30** **Coffee break**
- 15:00** **Afternoon session with 5 minutes presentations of projects in preparation**
The topics will be clustered as follows: Nanoparticles, nanostructures and membranes, Health application, Safety aspects, Characterization tools, Electronics and photovoltaics, Construction and housing, Other applications, Modeling
- 16:00** **Parallel networking and bilateral meetings**
organization EEN – Jiří Janošec
- 18:00** **End**
